Visitors At Girl Scout Day Camp

Mrs. Stella Jensen, president of the Northern San Mateo County Federation of Girl Scout Councils (front row, fifth from left) was one of the visitors at the day camp of the Daly City Girl Scouts on Visitors Day, June 29. Also a visitor was Mrs. Marjorie Reandeau (to the right of Mrs. Jensen), treasurer of the same group.

Others in the picture are (front row, left to right) Mrs. Genevieve Haynes, Mrs. Mary Larson, Mrs. Gladys Kennedy, camp nurse, Mrs. Muriele Pabst, camp director, Mrs. Jensen, Mrs. Reandeau, and an unidentified visitor.

Second row: Mrs. Margaret O'Keefe, Mrs. Edith Anderson, Mrs. Bessie Runge, Mrs. Gertrude Hiett, Mrs. Thelma Hamilton, Mrs. Alice Detweiler, and Mrs. Marie Miller.

Back row: Mrs. Pearl Costa, Mrs. Angie Thur, Mrs. Margaret Damon, Mrs. Sue Hopman, Mrs. June Boynton, and Mrs. Ruth Emerson.

The women pictured are only a portion of the 36 adults who provided leadership for Camp Mattrup.

Big Time For Youngsters July 15th

CITY ACQUISITION OF SCHOOL BUILDING TO BE DISCUSSED MONDAY

City Council And School Board Will Hold Public Meet

A discussion of the proposed acquisition of the old Woodrow Wilson Elementary School building by the city will be the main item on the agenda for the regular meeting of the City Council Monday night at 8 p.m. at the city hall.

Trustees of the Jefferson Elementary School District will meet with the Council then in public session. The meeting had been requested some weeks ago by Mayor Paul Green and the School Board responded by naming Monday, June 11, for the meeting.

In view of the fact that the building cannot be used for school purposes, according to a State survey, the City Council has proposed that the structure be traded to the city in exchange for some 11,000 square feet of yard area, which the City would provide to the School District without charge.

The City has had the building examined by County Building Inspector Al Russel, County Health Inspector Fred Collins, and A. J. Bodien and Elmer Kennedy of the local city staff, in company with Council members, and it has been determined that, with some repairs, it would be suitable to house city and county offices and small meeting rooms.

It has been estimated that taxpayers of the northern end of the county would be saved more than $125,000 if the city takes over the building, instead of allowing it to be torn down.

Michael Callan Wins Reversal Of $1600 Judgment

A $1600 judgment against Michael Carter Callan of the Callan Realty Co. for allegedly overcharging a veteran for a house, was reversed recently by the appellate court after Callan appealed through his attorney, Thomas B. Gallen of Fahey, Bocci and Gallen.

The civil suit to recover the amount of the overcharge was filed by Marie E. Wooley. Judge Golden rendered the judgment against Callan, agent for the owners, in December of 1948. It included $1573 for the overcharge plus court costs.

The appellate court held that Judge Golden's decision was erroneous and that Callen could not be held civily responsible for the overcharge. Cost of appeal was awarded to Callan.

Gordon de Leon Pianist, Now At Local Music Store

Joining his father and brother and the deLeon Music store last week was Gordon deLeon, who recently came to Daly City from Oregon. Gordon will give piano instruction.

This spring a male quartet organized by Gordon won first place in the Oregon State Contest. He has studied the piano for the past nine years.

Information about lessons may be obtained by calling the deLeon Music store.

Nine-Man Rec. Com. Ordinance Is Now Being Considered

At a meeting of the Daly City Council and the Daly City Recreation Committee Tuesday night at the City Hall, the Committee presented a suggested Recreation Ordinance which would provide for a nine-man Recreation Commission, legally constituted, and which outlines plans, purposes and functions of the Commission.

The Ordinance prescribes staggered terms for members who would be appointed by the Mayor with the consent of the City Council. Council members took the draft under consideration and promised a report on the matter within two weeks.

Present at the meeting were Mayor Paul Green and Councilmen A. J. Gaggero and Edward J. Mooney, with R. C. Crane, Mrs. Ann Eason, Stanford Hannah, James Hinds and Ed Cavagnero of the Recreation Committee and Recreation Director Elman Rose.

After the meeting, the Recreation people continued with their own meeting, while Council members adjourned to discuss improvement plans with City Engineer R. A. Klassen.

It Ain't Just What You Think It Is Brother, No Siree!

Peter J. Markovich, Broadmoor Village tycoon, is telling a new version of the old story about running into a door.

Pete, who is sporting a bruised head and nose, claims his garage door fell on him last week.

I wonder what the other fellow looks like?

TRACK AND FIELD EVENTS TO HIGHLIGHT RECREATION PROGRAM

Track and field events will highlight a "cinder" meet next Friday, July 15, as the Daly City recreation program goes into its fourth week.

Beginning with a football kick, the track and field meet will get underway at 9:30 a.m., Friday at the Jefferson high school track.

Flashing feet will occupy most attention during the morning, as the events on the cinder path will take a good deal of the time.

However, there will be many field events. These will consist of a football kick, soccer kick, football throw, shot put, softball throw, high jump and broad jump.

But, unlike many track events, this one will be only for boys and girls between the ages of 10 and 15 years. Each of the playgrounds will have three contestants in the field events and two in the hurdles.

Only other rule is that each participant may engage only in any three field events, two track events and two relays.

Individual winners will be presented with ribbons of various hues. And the winning playground will be given a banner to show its position in the realm of great track training grounds.

Girls will have their own day next week, as a "hen" party is scheduled for Thursday, July 14, 7 p.m. at the Jefferson Union high school. Featured at the party will be stunts, games, and folk dancing.

All girls from 11 years old up are invited to attend. Everyone is welcome, as long as that person is female.

A roller skating party, originally set for July 6, will be held Wednesday, July 13. Skates will be in action from 2 to 5 p.m. at Skateland.

Those interested must receive permit slips at their playgrounds. The slips have to be signed by parents and returned to playground authorities.

Preparations were also being made today for a baseball school to be held during the week of July 18-23. Headed by players from the San Francisco Seals, the school will be conducted for all those interested in learning the finer methods of "swatting the apple."

Further details on the batting, pitching, and fielding school will eb given next week.

Meanwhile plans have been completed for the "Vehicle Day Race" which will start at 9:30 a.m. tomorrow at the high school track. Vehicles entered in the race will be judged for decorations as well as speed.

A banner will be awarded to the playground scoring the most points. Ribbons will be given individual winners.

Mat weaving, statue and bird house construction highlighted the opening of the craft centers at Peoria and Parkview last week.

Although many children from 5 to 12 years old signed up for the craft work, there is room for additional students. Craft Director Jim Kraywinkel said he would like to see more children sign up for the classes which run for one and one-half hours.

Turning to the playground softball league, the Lincoln All-Stars walked off with three wins last week. Little Jeff suffered the greatest blow at the bands of the Stars, going down to a 3 to 29 defeat.

In two games played with Marchbank, the Stars managed to whip Marchbank by 10-2 and 12-8 respectively. Players G. L. Lorenzo and R. J. Jennings were responsible for a good part of the Stars winning streak.

Girls also had their day at Lincoln last week, as on Friday a doll contest was held. Mary Ann Gensel took first place with the "prettiest" dolls. They were a set of twins dressed in red. Second place went to Joan St. George, with Sheran Kruz coming in third.

Over 40 doll enthusiasts appeared at the show at Marchbank. In this contest first prizes were given to Cecilia Champaign's bride doll; Sharon Warren for the smallest animal; Archie Snyder for the biggest animal; John Miller, for the most unique; Patricia Martin, smallest; Sandy Mileham, oldest, and to Billy Smith for the best home made doll.

Surprise day was held at Little

THOUSANDS ENJOY FIREWORKS DISPLAY AT MARCHBANK PARK

D.C. Fire Dept. Was In Charge Of July 4th Event

A real old-fashioned Fourth of July was enjoyed by literally thousands of local residents at Marchbank Park Monday night, July 4, as the Volunteer Fire Department put on the city's first annual Independence Day Fireworks Display.

The fireworks had been suggested by Mayor Paul Green and Councilman A. J. Gaggero, with Council approval, and the Fire Department was detailed to take charge of the event. The object was to give parents and children an opportunity to celebrate the Fourth of July in the traditional manner, since sale of fireworks is illegal. However, "bootleg" firecrackers were in evidence among the throng which jammed the baseball diamond.

A realistic effect was given when a mammoth sky-rocket got off its course and landed on a nearby rooftop — there was no damage, however.

A standng display with the words, "WELCOME — DALY CITY," the American Flag burning in vivid color and a huge, fifty-foot wide replica of Niagara Falls in flame were the highlights of the ground display.

The aerial part of the performance included bombs, rockets and flares which drew choruses of "oohs" and "ahhs" from the audience.

Spectators, estimated to number more than three thousand people, jammed the Marchbank Park bleachers and baseball infield, as well as the sides of the park, surrounding streets and Junipero Serra boulevard.

Success of the event insures that it will become a regular annual affair, Mayor Green said, and the Fire Department will be asked to take charge on a permanent basis.

"Traffic Island," Old D. C. Landmark, Is Being Removed

Engulfed and destroyed by progress this week was an old Daly City landmark, the streetcar passenger island on the top of Mission street hill.

With the introduction of motor buses the concrete island was no longer needed. And as it constituted a traffic hazard, officials thought it best destroyed.

Through cooperation of Russ Cooley, of the San Francisco Municipal railway and James Turner, utilities manager, the passenger island was removed.

Breaks Into Home Just To Place Long Distance Phone Call

Instead of stepphg into a telephone booth to make a long distance call Tuesday, an unidentified burglar broke into the home of Fred Simoncini, 115 Irvington street.

Leaving everything in the Simoncini home undisturbed, the thief headed for the telephone, police reported. He put in a long distance call to Seattle, talked to his party, and hung up.

Completing the call, the talkative intruder left through an opening in a basement window which he had created by breaking out a pane of glass.

Police are not sure who is going to foot the phone bill.

Edgewood Terrace Civic Assn. To Meet Tues., July 12

First regular meeting of the Edgewood Terrace Civic Association will be held on Tuesday, July 12, at 8 p.m. at the city hall. Now is the time for all residents of this area to give their support and aid to the newly formed association.

If you want the badly needed improvements and recreation facilities for your youngsters. Help us to help you.

Attend this meeting!

FREE MOVIE TICKETS GIVEN TO BOND BUYERS

Buy a $25 U.S. Savings Bond and collect two free tickets to a motion picture premier next week.

This is the offer being made by the San Francisco post office, Daly City branch, 6253 Mission street. As long as the supply lasts, two movie tickets will be given to bond buyers from July 5 to July 12.

An outstanding major studio picture will be shown Friday, July 15, at the RKO Golden Gate theater, Golden Gate ave. and Taylor, for those holding tickets given for bond purchases.

City Budget Allows $10,000 Per Year For Operation Of City Manager's Office

Daly City's new City Manager form of government is going to cost $10,000.

This is the sum set aside in the fiscal city budget for total operational expenses for the new office. The salary of the city manager is set at $6,000 a year. A secretary will be paid $2,500 and office expenses will come to $1,500.

With the appointment of a city manager the office of mayor will be a thing of the past. What effect this new position will have on the job status of other public officials has not yet been determined.

Meanwhile plans were going ahead to secure a manager. As soon as the ordinance creating the position becomes law, which will occur 30 days after its passage June 27, the city will advertise the opening.

"When the ordinance is official we will advertise in all the necessary papers and magazines for the right man," Mayor Green said. "We want the best man we can get, and that will take time."

One thing is certain, and that is that none of the present members of the council can assume the job of manager at this time. No city council member can be "eligible for appointment as city manager until one year shall have elapsed following the expiration of the last term on which he was elected."

Robert Duffy Is Being Considered For Appointment As S. M. County Recorder

Among the six men the board of supervisors is reported to be considering for the position of county recorder is Robert Duffy of Daly City. At present, no person from extreme northern San Mateo county holds any executive county position. Duffy, who has been a superior court clerk for 10 years, would be a good representative from this end of the county.

All other five men who are being considered for the position are from the southern section of the county. They are William Schade of San Bruno, Eugene Cerqui of Redwood City, Floyd Granger, Redwood City, Albert Bullivant, Redwood City, and Floyd B. Tower of San Bruno.

The odds are one to five against a northern San Mateo man being picked as county recorder but we're hoping we won't be forgotten.

Attention Citizens Of Daly City

Do you think you know where your son will be spending his time this summer or do you want to make sure you know where he is, who he is with and how he is spending his time? If so, now is your chance to back up your hopes and enthusiasm for a GOOD DALY CITY BOYS' CLUB. All you have to do is purchase a ticket to the dance to be held at Colombo Hall July 9 and help make it possible for them to obtain equipment which is desperately needed.

The boys will make a door-to-door campaign Friday, July 8. Please don't turn them away, because your son's future is worth more than a dollar investment.

For your convenience you can also purchase tickets at Lombardi's Service Station or at Shannon Hardware Store, at the top of the hill. Tickets will also be sold at the dance.

Mr. and Mrs. Daly City, don't disappoint the boys. They are doing their part, so why don't you?

BROADMOOR LEGION POST SPONSORS "COASTER DERBY"

Hi, kids. . . If you are between the ages of 9 and 15 inclusive and live in Daly City, Colma, Garden Village or Broadmoor, here is your chance to win some dandy prizes!

Broadmoor's American Legion Post No. 824 has lined up a swell "Coaster Derby" to be run on "Broadmoor Downs" (87th street hill) Saturday, July 30.

Entrants may sign up with one of the following men: Ray Flannagan, 423 91st street, Juniper 5-3649; Larry Green, 631 Manila way, JUniper 4-8543; Ray Logan Sr., School street, Rio Grande Station, DElaware 3-9899; Bob Smith, 808 Ellis drive, DElaware 3-5948; Arley Hood, 1135 Nimitz drive, DElaware 3-4598.

All cars entered must be built by the entrant and pass safety inspection by the committee. In fairness to all participants it will be necessary to have a regulation set of wheels and axles, approved by the National Soap Box Derby. These can be purchased from the above named directors and will include hub caps and cotter pins.

Entries will be classified in two groups: Class A will be youngsters from 13 to 15 years inclusive, and Class B will be from 9 to 12 inclusive.

Races will be run in heats of three cars each, and wnners of each heat wll play off for first, second and third places. Prizes will be awarded winners in both classes.

As an added thrill, the winner of the Class A group will be eligible to race Les Vogle's San Francisco winner for a possible crack at the National Soap Box Derby to be held in Akron, Ohio, August 14.

There isn't much time to get your car built so sign up immediately! Watch this paper for prizes to be announced next week.

Get those entries in and—"Good Luck."

New Lions Club President

Elio A. Fontana, new president of the Daly City - Colma Lions Club, accepts the gavel from Arnold Panella, who held that office for the past year. The installation was held last week.

Shown at the recent installation of officers of the Daly City-Colma Lions Club are (left to right) Elio A. Fontana, new president; Dan O'Connell, International counselor of Lions Clubs, who was the installing officer; and Arnold Panella, outgoing president.

MORE OF SAME

Well, the people of California now have the "privilege" of paying more taxes to the state. The return to the 1943 level — a 3 per cent sales tax instead of 2½ per cent, along with higher income and franchise taxes — will not impose an impossible burden on their pocketbooks — that is, it won't make the total burden much more impossible than it already is, but it's not far from impossible right now.

Anyway, the revenue collector will relieve us of a few more dollars each year and the state is expected to gather an additional $64 million in the process. In some communities the sales tax will be 3½ per cent with the local one-half cent tax added to the state levy. On income taxes, the personal exemptions will drop from $3,000 to $2,000 for single persons and from $4,500 to $3,500 for married persons.

Franchise and bank taxes will go up 15 per cent. The average California wage earner will probably pay out about $5 a year more on the higher sales tax. Not much, but those "little drops of water" help to wear away his purse and his patience.

DOING SOMETHING

President Truman can't say that this is a "do nothing" Congress. No sir! Already the boys on Capitol Hill have talked 11,000 pages into the Congressional Record. Besides this they've introduced more than 7700 measures and have had over 100 roll calls. What laws have they passed? Since when did congressmen go to Washington to pass laws? They can't do everything.

FUTILE

It's hardly worth while for the British Government to provide false teeth for its citizens when the austerity program leaves them so little to chew on.

. . . People who always want to take a hand in things usually succeed only in putting their foot in it.

CRADLE OF THE DEEP—A Coast Guard lifeboat splashes into the sea in a test of a revoluntionary new cradle device, by means of which a boat can be launched in five seconds. Launching time with conventional davits ranges from 30 seconds to three minutes Based on an air hoist principle, the cradle swings outward and down from the ship's side, sinking beneath the surface as the boat floats clear.

Martin Enright Is Now On Duty In Kobe, Japan

Pvt. Martin S. Enright, son of Mrs. Joseph Enright, 966 Hanover street, is now on duty with the occupation forces in Kobe, Japan.

He is serving as mail distributor with the Army postal unit at Kobe base. His unit has the responsibility of receiving and delivering mail to all of the military and civilian personnel in Kobe.

In his present assignment Pvt. Enright is helping to accomplish the mission of Kobe base, which is to provide supplies for our forces in southern Japan. Kobe City, the location of Kobe base, is Japan's largest seaport and the center of her import-export trade before the war.

Pvt. Enright entered the Army in May, 1947, at Butte, Montana, and came to Japan in August, 1947. While in civilian life he attended Anaconda high school. He is the holder of the Japanese Occupation Ribbon.

WORK BEGINS ON "SUPER INCH"

Natural gas from fields in Texas and New Mexico will be piped into Pacific Gas and Electric Company's system in Northern California upon completion of the 1600-mile, $150,000,000 "Super Inch" gas line. Work is now underway on P.G. and E.'s 506-mile, 34-inch diameter section of line (solid), the largest diameter line ever built anywhere for the high pressure transmission of natural gas. Ultimate deliveries will exceed 400,000,000 cubic feet daily. El Paso Natural Gas Company lines (dotted) will deliver gas to P.G. and E. at the California-Arizona border.

Resolution No. 1112

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF DALY CITY GIVING NOTICE OF PROPOSED ANNEXATION OF THE HEREINAFTER DESCRIBED TERRITORY DESIGNATED AS "PORTIONS OF BLOCKS 22 AND 23 OF THE ABBEY HOMESTEAD ASSOCIATION TO THE CITY OF DALY CITY

WHEREAS, under the provisions of that certain Act of the Legislature of the State of California entitled "An Act to Provide for the Alteration of the Boundaries of Incorporated Towns and Cities by the Annexation of Uninhabited Territory Thereto and For the Incorporation of such Annexed Territory in and as a Part of such Municipality, and for the Districting, Government Chapter 297, Deering's General and Municipal Control of such Annexed Territory," (Statutes 1939, Laws, Act No. 5162), proceedings for the annexation to the City of Daly City of the territory hereinafter particularly described have been initiated by the filing of a petition for annexation to the City of Daly City of the Territory hereinafter described by the Sterling Building Company, a limited partnership, and others, the owners of property in said territory to be annexed.

AND WHEREAS, the exterior boundaries of said territory, which territory is contiguous to the limits of the City of Daly City, County of San Mateo, State of California, are described as follows, to-wit:

BEGINNING at a point on the present corporate limits line of the City of Daly City, said point lying at the intersection of the Easterly line of Hillside Boulevard (formerly San Bruno Avenue) with the Southerly line of Moltke Street, as shown upon "Map of the Lands of the Abbey Homestead Association" a copy of which is filed in the office of the Recorder of San Mateo County in Book 1 of Maps at page 14; thence from said point of beginning Easterly along the Southerly line of Moltke Street to its intersection with the Easterly line of Abbot Avenue (formerly Abbey Street); thence Northerly along the Easterly line of Abbot Avenue (formerly Abbey Street) to the Northerly line of Moltke Street; thence Easterly along the last mentioned line to its intersection with the common line between Lots 4 and 8, Block 22 of said Abbey Homestead Association; thence Northerly along the last mentioned line a distance of 90 feet; thence Easterly at right angles to the last mentioned line a distance of 100 feet to the Westerly line of Wyandotte Avenue (formerly Wyoming Street); thence Northerly along the last mentioned line to its intersection with the common line between Lots 5 and 6 of said Block 22 and the present corporate limits line of the City of Daly City; thence along the present corporate limits line Westerly to the Easterly line of Hillside Boulevard (formerly San Bruno Avenue) and Southerly along the Easterly line of Hillside Boulevard (formerly San Bruno Avenue) to the point of beginning.

AND WHEREAS, the aforesaid petition for the annexation of the territory hereinbefore described, to the City of Daly City, a municipal corporation, has been filed with and received by the City Council of the City of Daly City;

NOW, THEREFORE, BE IT, and it is hereby resolved that the City Council of the City of Daly City does by this resolution give notice of such proposed annexation, does hereby designate said territory as the "PORTIONS OF BLOCKS 22 AND 23 OF THE ABBEY HOMESTEAD ASSOCIATION," and does further fix Monday, the 18th day of July, 1949, at the hour of 8:00 o'clock P. M. at the Council Chamber in the City Hall, Daly City, California, as the day, hour and place when and where any person owning real property within such territory so proposed to be annexed and having any objection to the proposed annexation may appear before the City Council and show cause why such territory should not be so annexed;

BE IT FURTHER RESOLVED by said City Council that the City Clerk of the City of Daly City be, and he is hereby directed, to cause a copy of this resolution to be published at least once a week for two successive weeks prior to the day fixed for hearing, in the Daly City Record, a newspaper printed, published and circulated in the City of Daly City, the municipal corporation to which it is proposed to annex the hereinbefore described territory.

BE IT FURTHER RESOLVED that at any time not later than the hour set for hearing objections to the proposed annexation, any owner of property within the territory proposed to be annexed may file written protest against the proposed annexation. Such protests shall state the name or names of the owner or owners of the property affected thereby, and the description and area of such property in general terms.

* * *

I, B. C. Ross, City Clerk of the City of Daly City, do hereby certify that the above and foregoing resolution was duly and regularly passed and adopted by the City Council of the City of Daly City at a regular meeting held by said City Council on the 27th day of June, 1949, by the following vote:

AYES, Councilmen: Bertetta, Gaggero, Mooney, Green.
NOES, Councilmen: None
ABSENT, Councilmen: Battye

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the Official Seal of said City this 27 day of June, 1949.

B. C. ROSS
City Clerk of the City of Daly City

Woodrow Wilson P.T.A. History

This is the third in a series of articles relating to the history of the Woodrow Wilson P.T.A. since its organization 26 years ago.

1934-1936

Mrs. Pearl Jones, a most energetic president accomplished a great many things during her two years of service. Emphasis was placed on aid for needy students in the school. Several graduation outfits were purchased and two layettes were donated. Supervised play was started in the community and more playground equipment was purchased.

Membership the first term was 115 and increased to 117 the second term. Transportation for a child was furnished twice a week to the Community Hospital for treatments. School Bonds were passed during the first year and the new schools were dedicated durng the second year. The Founders' Day and Father's Night programs were most interesting and successful. A radio was presented to the school. Books and magazines were given to the school library.

During this term the name of the Woodrow Wilson - Vista Grande P.T.A. was changed to the Woodrow Wilson P.T.A. Graduation parties were held. Four scholarships were given during the two-year term. The Standard Association Awards was presented the unit by the CCPT for fulfilling all the requirements set up by the CCPT.

Officers for the 1934-1935 term were Mrs. Pearl Jones, president; Mrs. Fannie Kanter, vice president; Mrs. Grace Hill, recording secretary; Mrs. Kathleen Brown, treasurer.

Officers for the 1935-1936 term were Mrs. Pearl Jones, president; Mrs. Edith Barker, vice president; Mrs. Grace Hill, recording secretary; Mrs. Catherine Foreman, treasurer.

1936-1937

Extensive student aid work was carried on by the 100 members under the able leadership of Mrs. Lillian Thomey. The unit made donation to the district student aid shop and needy children in this locality. Two scholarships were awarded to graduates. Graduation parties were given. A Founders' Day program was held.

Mrs. Thomey received Life Membership to the Woodrow Wilson Parent Teachers Association. The Poster Contest Cup was also awarded to the unit by the district.

Officers elected were as follows: Mrs. Lillian Thomey, president; Mrs. Emma Sorg, vice president; Mrs. Sadie Greenstein, recording secretary; Mrs. Martha Linden, treasurer.

NOTICE To Taxpayers

EQUALIZATION OF ASSESSMENT ROLL

Office of the City Clerk of the
CITY OF DALY CITY

Public notice is hereby given that in accordance with the General laws of the State of California and Ordinance No. 94 of the City of Daly City, the Assessment Rolls of the City of Daly City, County of San Mateo, State of California, for the fiscal year 1949-50 has been completed and delivered to me as Clerk of said City and Clerk of the City Council of said City, and will be open for examination in my office at the City Hall from 9:30 A. M. to 5 P. M. of each day, and that the City Council of the City of Daly City, County of San Mateo, State of California, will meet on the

11th day of July, 1949

at the hour of 10 o'clock A. M. of said day, and sit as a Board of Equalization, to equalize assessments, and will continue in session from day to day until all the returns of the Assessor have been rectified.

Applications for correction of assessment of real estate improvements and personal property are required to be verified by oath and filed with the Clerk.

Dated: June 30, 1949.
B. C. ROSS,
Clerk of the City of Daly City, and Clerk of the City Council of said City.
(Pub. June 30; July 7, 1949.)

SPORT FISHING EXCELLENT

Sport fishing has been excellent during the past few days in the waters around San Clemente Island. Limit catches of large white sea bass, yellowtail, barracuda, and halibut have been brought in to the piers along the coast of Orange county.

WELCOME TO DALY CITY

New Families moving into Daly City recently include:

William H. Hunt Jr., 901 Hanover street.

Shooting Scrape At Thornton Beach

A shooting dispute over a strip of land at Thornton Beach July 4 has one man in court today and another in a critical condition at a San Francisco hospital.

In court today is Seth Lomm, 70, Thornton Beach, appearing for a preliminary hearing before Justice of the Peace John Fahey in South San Francisco on charges of attempted murder and intent to kill.

Police report Lomm fired four shots from a .22 rifle at Wilson Gregory, 60, a neighbor. Lomm said he wounded Gregory after Gregory had tried to hit him with a bucket filled with 60 pounds of dirt. Lomm said he fired in self defense.

The dispute arose over top soil on a strip of land between the beach cabins of the two men.

Justice E. I. McAuliffe, Redwood City, set bail for Lomm at $10,000 cash or $20,000 bond.

In a critical condition at Franklin Hospital, Gregory is paralyzed from the waist down, Deputy Sheriff Paul Jensen of San Mateo county said. Jensen signed the complaint against Lomm.

George Krehl Retires After 20 Years Of Service

Following 20 years of service as north county constable, George Krehl, 70, 251 Station avenue, retired June 30.

Krehl has been connected with public life and north county politics for the past 40 years. What his plans for the future are could not be learned at this time.

Replacing Krehl is Robert Lynch, 650 San Diego. Lynch has been Krehl's assistant for the past six years. As the title of "constable" is no longer used, Lynch will be a deputy sheriff.

A farewell party was given the dean of the San Mateo sheriff's office June 28. Sheriff James J. McGrath thanked Krehl for his many years of faithful service.

Another dinner in his honor will be given at the Club Casino Tuesday, July 12, by some of his friends. About 200 persons are expected to attend.

BASS FISHING GOOD

Smallmouth bass fishing has been good during the past week along the lower parts of the West Branch of the Feather River, the Middle Fork of the Feather River, and the Feather River around Oroville in Butte county, reports the National Automobile Club.

California's petroleum production was approximately 5,582,000 barrels in 1948, valued at $792,521,000.

Three midwest weather stations are equipped with radar to help track tornados.

As early as 300 B. C. India had a law providing a fine for adulteration of food.

William Adams, the first Englishman in Japan, was honored there by a yearly festival.

Hannah Adams, born in 1745, was the first woman in America to make literature a profession.

Whist Party

The monthly whist game, sponsored by the Catholic Ladies Aid Society, Branch 59 of St. Michael's Parish, 32 Broad street, will be held Tuesday, July 12, at 1:30 p.m. Mrs. Mary Blume is chairlady, with Mesdames L. Barre, E. Barre, M. Bouckhout, M. Buskey and L. Buckholz on her committee.

Counterfeit $10 Bills May Make Appearance Here

Examine carefully all $10 federal notes with large letter "G" to left of portrait.

The counterfeits will bear face plate No. K-40 and K-406 in the lower right-hand corner of note, inside the border.

The counterfeits will also bear the small numbers "19" and "12" in the lower right-hand corner, on back of the note.

Many of the counterfeits of this issue bear the same large bright green serial numbers G90172561D and G999611359C. However, these serial numbers may be changed.

If you receive a $10 note with ALL the above characteristics, call the nearest police officer or deputy sheriff and at the same time notify the U. S. Secret Service at KLondike 2-2350.

Do not return a counterfeit note to the passer. Make effort to detain passer until an officer arrives. Be sure to obtain automobile license number of any suspected passer.

Cubby Companions

"Miss South America"—also known as Jean Fulton—arrives at New York's LaGuardia Field carrying a lion cub under each arm. The 18-year-old beauty queen won a trip to America and a Hollywood contract with her title. Her cubby companions will go to zoos in New York and Los Angeles.

Gold lodes and auriferous placers still form the principal mineral wealth of Calaveras county.

Eighteen state livestock associations are affiliated with the American National Livestock Association.

The Mississippi river drains five-twelfths of the United States.

Blind Boy Learns To Swim

Nine-year-old Richard Wuesterfeld was born without any eyes, but still he enters into nearly all the activities and sports of other children his age. Dick just earned his Red Cross swimming certificate after successfully completing a two-week course of lessons at the San Mateo High School pool. The summer swim campaign at the pool is sponsored jointly by the San Mateo Recreation Department and the San Mateo county chapter of the American Red Cross. It runs through August 26.

DOLWIG COMMITTEE RECOMMENDS SOUTHERN CROSSING OVER S.F. BAY

Dr. And Mrs. Olsen Home From Vacation

"The fishing and the fish were both good," commented Dr. Emery Olsen, who is back at work in his office, 6322 Mission street, after a two-week vacation at Feather River.

Dr. Olsen and his wife were accompanied by Mr. and Mrs. Nelson Borges of Parkview avenue on their fishing expedition.

TROUT ANGLERS TAKE LIMITS

Trout anglers have taken many limits lately on Nelson Creek and along the Middle Fork of the Feather River in Plumas county, according to the National Automobile Club. Their luck has been only fair on Bucks Lake in this same area.

It is estimated the United States' commercial reserves of iron ore will be consumed within 75 years.

Consideration of a southern crossing over the San Francisco bay has been recommended by the Dolwig Committee.

The recommendation was filed with the state legislature Wednesday. Further consideration of a parallel span across the bay was asked to be discontinued.

Headed by Assemblyman Richard J. Dolwig, the committee was delegated to study the location of a second crossing early in April.

The parallel span was not recommended as it would only increase the present traffic congestion in San Francisco. On the Oakland side, the twin bridges would "shortly produce almost equally bad traffic conditions in the business district."

In proposing South San Francisco for the sight of the new span, the committee believed the bridge could be completed by 1958.

As for cost, the committee said "it is impossible to have nearly all the facilities of a parallel bridge and southern crossing at little more than the cost of the proposed twin span."

HOW TO FIX IT

By Tom Gregory

A PAIR OF PLIERS AND A WIRE COAT HANGER IS ALL IT TAKES TO MAKE YOURSELF A HOLDER ON WHICH TO KEEP YOUR TIES IN NEAT ORDER.
USE THE PLIERS TO CRIMP THE WIRE AS ILLUSTRATED.
THE CRIMPS WILL SEPARATE YOUR TIES AS LONG AS YOU DON'T OVERLOAD THE HOLDER.
TO BORE A HOLE IN A PLACE TOO INACCESSIBLE FOR A BIT BRACE, USE A DOORKNOB TO DRIVE THE AUGER INTO THE WOOD. MOST AUGER-BIT SHANKS FIT MORE OR LESS SNUGLY INTO ANY AVERAGE SIZED DOORKNOB. TO PREVENT YOUR HAND FROM SLIPPING ON THE SMOOTH SURFACE OF THE KNOB COVER IT WITH TAPE.

PLAN ATLAS OF THE SKY—Dr. Edwin P. Hubble, well-known U. S. astronomer, puts the unique 48-inch Schmidt photographic telescope through its final series of rehearsals at Mt. Palomar, Calif., preparatory to a four-year astronomical mapping project. The survey will provide the first definitive photo atlas of the heavens. The Schmidt telescope, which covers a wide area, will operate in conjunction with the famed 200-inch Hale instrument. It would take the 200-inch telescope 5000 years to cover the same ground. Scientists expect to be kept busy for 50 years or more examining the results of the Schmidt survey.

ACTIVITY CALENDAR

Clubs and other organizations are asked to contact the Daly City Record to inform them of any change in activities for the summer months in order that our activities calendar may be kept up to date.

Friday, July 8

9:30 a.m.— Meeting, Intermediate Troop No. 3, 101 Parkview avenue.

3 p.m.— Meeting, Brownie Pack No. 8, 101 Parkview avenue.

3:30 p.m.— Regular meeting, Brownie Troop No. 11, No. 4 firehouse, Peoria street.

7:45 p. m.— Christ Ambassadors Service, The Assembly of God Church, 6276 Mission street.

8 p.m.— Service, First United Pentecostal Church, 400 Crescent avenue.

8 p. m.— Regular meeting, California True Blue LOL, No. 118, Masonic temple, 17 Hillcrest drive.

8 p.m.— Meeting, Bethel No. 26, OJD, 2668 Mission street.

8 p.m.— Meeting, Old Glory Post No. 2044 VFW, Little Italy Hall, 6299a Mission street.

Sunday, July 10

9:30 a.m.— Sunday school and Bible class, Bethel Lutheran church, 2525 Alemany boulevard.

9:30 a.m.— Sunday school, The Assembly of God Church, 6276 Mission street.

9:45 a.m.— Sunday School, Church of Christ, 474 San Diego avenue.

Peter Markovich Elected President Of Jeff High Trustees

Peter J. Markovich was elected president of the Jefferson Union High School Board of Trustees at a meeting at noon Friday in Superintendent Hannah's office. Remi Sanders was the president last year.

Pearl Jones was elected clerk, and Jean Kerrigan was selected as secretary.

HAPPY BIRTHDAYS

Three is the lucky number for the Mr. and Mrs. Albert Eli family, 18 E. Cavour. On July 12 triplets Donnie, Ronnie and Shirley, will celebrate their third birthday. And no one is more thankful for this day than Mrs. Eli. She explained that now the children are a little older she hopes there may be less work.

Other birthdays to be celebrated this week by five Daly City and one Colma residents include:

On July 9, Louis J. Firpo, 63 Werner avenue.

On July 10 Mrs. Erma Shulda, 82 Market street; Dorothy Waters, 1411 Sweetwood drive.

On July 12, Rita Del Buono, 71 Mateo avenue.

On July 13, Mrs. Luis Hollingsworth, Rt. 1, Box 251, Colma.

On July 14, Helen Gordon, 112 Mateo avenue.

TRAFFIC COURT

Going at a higher rate of speed than legal through Daly City streets cost 22 motorists $147.50 in fines in police court last Friday. Speeding was by far the greatest reason for officers writing out tickets, although failure to give a pedestrian the right of way and going through red lights cost some motorists a few dollars.

Speeders and their fines include: Muriel N. Anonacci, $7.50; Jean K. Bacigalupi, $7.50; Marjorie L. Batchelder, $5; Kathryn E. Best, $5; Joseph J. Burdon, $5; John Butler, $5; Donald F. Drieschma, $7.50; Helen M. Duffey, $10; Helen E. Friedman, $7.50; Elna J. Gray, $5; Violet L. Hodges, $7.50; Lillian E. Issel, $5; William A. Kettlewell, $7.50; Bertha E. Larimore, $5; Larry L. Larrecou, $7.50; Chester S. Lent, $5; Robert Lippert, $10; Charles C. McNaughton, $7.50; Warren L. Orsburn, $7.50; Minnie L. Reynolds, $7.50; Marion Rudine, $7.50; Marion S. Solari, $5.

Those fined for going through a red light include: Silvio Bertayzi, $1.50; Aldo Piero Callon, $2.50; Carl Leach, $2.50.

Violating a pedestrian's right-of-way cost Michael T. Bairy $2.50; Buford King, $5; Alphonsie J. Scofani, $5; Carmes Zito, $2.50.

Improper parking resulted in tickets being issued to: Al Van Horn, $2.50; William Keller, $1.50; Albert A. Biagani, $2.50; Alvin W. Wright, $2.50.

SALMON ANGLERS HAVE LUCK

Salmon anglers have been enjoying some first-rate sport recently in and near Humboldt Bay in Humboldt county, according to the National Automobile Club. While they have been taking numerous fair-sized fish inside the bay and between the jetties, they have been taking some very large fish just outside the entrance near the Whistling Buoy.

Dolores Summers, Martin Pahlka Unite In Marriage

Married at the home of Mrs. Linda Summers, 920 S. Delaware, San Mateo, Thursday, June 30, were Miss Dolores Summers and Martin Pahlka.

Miss Summers is the daughter of Mr. and Mrs. L. B. Summers of Canada. Pahlka is the son of Mr. and Mrs. Emil Pahlka, 569 Winchester street.

For her wedding the bride wore a beige suit with white accessories and a corsage of roses.

The maid of honor was her sister Audrey, who wore a pink gown and a corsage of pink carnations and sweetpeas.

Gene Lowery was best man at the wedding. Following the ceremonies there was a reception for the immediate family and friends.

The newlyweds honeymooned at Brookdale Lodge. They will make their home at 156 Rousseau street, San Francisco.

Mr. D. (For Dangerous) Accident Lives at Your Place

BY WALTER KING

So you think you are quite safe around home! The truth is, your chances for an accident-free life would be much better if you were a pilot in an airplane.

Many people think the bathroom is the most dangerous place in the house. Slippery soap and wet feet have bad reputations that way. But statistics show that steps and staircases are the really "bad actors," accounting for about one-quarter of all home accidents. The yard around the house comes second. The most dangerous room in the house is the kitchen. Then comes the living room, porches, bedrooms, basement, bathroom, and dining room in that order.

Step gingerly on steps, and keep wide awake in the kitchen. Sooner or later Mr. Accident will catch you unless you're careful.

Hot grease from the frying pan can jump. Short circuits from electrical appliances may give you a burn. Scalding water on the stove will live up to its name if you get the least bit careless. Sharp knives and awkward kitchen appliances can be very mean too. Grease on the floor lies in wait with the sly idea of bringing you down a peg or two.

Jagged edges on open tin cans cut a very deep gash in your inquisitive fingers. Chairs are not at all opposed to spilling you if you rock back on them or get over-anxious as you reach up to the top cupboard shelf when looking for a cookie.

• • •

WHAT causes an accident? Some folks believe that bangs, bumps, cuts, bruises, and burns are all part of our everyday life and that so many of them just have to turn up every once in a while to torment us.

This isn't so. The main cause of accidents is carelessness. If a girl gets a nasty bump when a small rug carries her legs out from under her on a highly polished floor, it is not always preventable. But if a boy gashes his finger while whittling, it is straight carelessness. Maybe the boy allowed the knife to become overly dull and was trying to force it past a knot when it slipped. Or maybe he was just day dreaming about the next ball game and wasn't paying proper attention to the danger that lurks behind an open knife blade.

Accidents don't "just happen." They are caused by something that could have been avoided with a little care.

A 6-year-old girl was "dressing up" as a bride. It was a harmless idea, but her veil, mode of an old curtain, was too long and she got too near an open fire. Fortunately, the bridesmaid kept her wits or there might have been a real funeral instead of a postponed play wedding.

• • •

A SURVEY by the National Safety Council of thousands of home accidents showed that every accident had either a mechanical or a personal cause, or both.

Mechanical causes of accidents which you can help overcome are: matches left scattered on the floor, chairs left in awkward positions, stairways cluttered up with things, broken objects left around. There is also the matter of improper use of equipment—such as making a knife stroke towards your body instead of away from it. It is foolish to try to open a can of beans with a jackknife just because you can't lay your hands on the can opener.

Personal factors causing home accidents are poor judgment, too much haste, and just plain laziness.

A boy walked into an empty elevator shaft in a warehouse. Had he lived to tell the tale he probably would have said: "Do you know, I thought the elevator would be there." It wasn't. Which proves it is always a good plan to look anyway.

Every day hundreds of school children throughout the country are knocked down while crossing the street. They seem to think haste is an excuse for carelessness.

Stop, look, and listen! You can beat bothersome and serious bruises with a bit of canny carefulness.

Posers

1. Is a planimeter directly associated with the planets?

2. Match the names of these cities with their proper countries: (a) Sheffield, France; (b) Dresden, England; (c) Bordeaux, Germany.

3. Is a buckthrow a dollar bill tosser or a garden flower?

4. What did DeWitt Clinton do for New York State?

5. Is a whiptail a special kind of lash or a kind of animal?

Split Proverbs

Match the beginnings of these popular sayings, numbered 1, 2, 3, etc., with the correct endings, numbered A, B, C, etc.

1—A bad penny. 2—Better be safe. 3—Necessity is the mother. 4—An ounce of prevention. 5—It's an ill wind. 6—Cleanliness is. 7—Everything comes. 8—All work and no play. 9—A stitch in time. 10—Kill two birds.

A—to him who waits. B—of invention. C—makes Jack a dull boy. D—with one stone. E—next to godliness. F—than sorry. G—always comes back. H—that blows nobody good. I—is worth a pound of cure. J—saves nine.

Word Square

First rearrange the letters in each row to form a good word, then rearrange the rows of words to form a word square:

T	E	E	R	S
S	E	B	U	R
T	E	E	R	A
R	E	A	R	R
T	E	E	D	U

Vowel-less "Bars"

All of our words begin with BAR and the vowels have been omitted. Can you fill out the words correctly?

BAR G — — N
BAR — M — T — R
BAR R — C — D —
BAR B — R — — N

Homonym

When you fill in the missing words of this sentence correctly you'll find they sound alike, but are spelled differently:

We found the —— of gold buried by the bandit ——.

Wheel Toss Game

LIKE making cut-outs? If you do, these dangle wheels are begging for you. Once you have made half a dozen, your only need is a piece of string and you have the complete equipment for an amusing new game.

So that you will have to make the drawing of the wheel only once, copy the diagram first on a piece of white paper. Start with a circle four inches in diameter.

Cut out the six wheels with a sharp pair of scissors taking care not to bend the arms.

Now tie a piece of string about two feet long from the back of one chair to the back of another.

Stand about four feet from the string and try to toss the wheels so that they stay on it.

You are allowed to lean forward as far as you like when you toss. It looks easy because if you balance on one leg and stretch, your hand will be less than a couple of feet from the string. But there is more to wheel toss than meets the eye. You must get the proper twirl as you throw and, of course, you must not lose your balance.

A complete game is 10 rounds. Each "round" comprises six throws and the scoring goes as follows: For every wheel on the string one point. Three wheels on in succession, three points extra. All six wheels on, scores a grand slam of 12 points.

NOTICE TO BIDDERS

Notice is hereby given that sealed bids will be received by the Board of Trustees of the Jefferson Elementary School District, 344 Santa Barbara Ave., Daly City, California at the Office of the Superintendent of Schools, until 8:00 p.m., Thursday, July 14, 1949 and will be opened and read aloud at the meeting of the Board of Trustees held at the time and place above stated for the furnishing of all labor, materials, services, transportation, etc., necessary to paint the Woodrow Wilson Primary School, 43 Miriam St., Daly City, California (interior and exterior) in accordance with plans, specifications and other contract documents now on file in the Office of the Superintendent of Schools of said School District, 344 Santa Barbara Ave., Daly City, San Mateo County, California where they can be examined.

Bidders are hereby further notified that pursuant to the Statutes of State of California, or local laws thereto applicable, it shall be mandatory upon the contractor to whom the contract is awarded, and upon any subcontractor under him, to pay not less than the general prevailing hourly wage rate per diem wages and rates for legal holiday and overtime work in the locality in which this work is to be performed for each craft or type of workman or mechanic needed to execute the contract awarded to the successful bidder, and all bidders are hereby further notified that they must ascertain from the proper authorities the said wage rates before submitting their bid. Bidders shall set forth in the bid the name and location of the mill, shop or office of each subcontractor who will perform work or labor or render service to the contractor in or about the construction of the work or improvement and the portion of the work which will be done by each sub-contractor.

Each bid shall be made out on a form to be obtained at the office of said Superintendent at the address hereinabove set forth; shall be accompanied by a certified or cashier's check or bid bond for not less than 10% of the amount of the bid and made payable to the order of the said Jefferson Elementary School District.

The above-mentioned check or bond shall be given as a guarantee that the bidder will enter into the contract if awarded to him and will be declared forfeited if the successful bidder refuses to enter into said contract after being requested to do so by the said Board of Trustees.

The Board of Trustees reserves the right to reject any or all bids or to waive any informality in a bid, or to award a contract on the basis of the proposal which serves the best interest of the School District.

No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening thereof.

Dated at Daly City, California, the 23rd day of June, 1949.

NOTICE OF TRUSTEE'S SALE UNDER DEED OF TRUST

NOTICE IS HEREBY GIVEN that on Friday, the 29th day of July, 1949, at the hour of two o'clock P.M. of said day on the steps of the Middlefield Road entrance to the County Court House, in Redwood City, County of San Mateo, State of California, the undersigned, The San Francisco Corporation, a California corporation, as trustee, will sell at public auction to the highest bidder for cash in lawful money of the United States of America payable at the time of sale, the following described real property, situated in the County of San Mateo, State of California:

Lot 7 in Block 13, as designated on the map entitled "MAP OF SUBDIVISION NO. 1 OF SCHWERIN ADDITION, VISITACION VALLEY, PROPERTY OF SCHWERIN ESTATE REALTY CO. SAN MATEO COUNTY, CALIFORNIA", which map was filed in the office of the Recorder of the County of San Mateo, State of California on October 5, 1908 in Book 6 of Maps at page 42.

Said sale will be made to satisfy the obligations secured by, and pursuant to the power of sale conferred in and by a certain deed of trust executed by Richard Hexter and Rozalia Jeanne Hexter, his wife, as trustors, to E. T. Kruse and Parker S. Maddux, as trustees for the benefit and security of The San Francisco Bank, a corporation, as beneficiary, dated March 30, 1942, and recorded on April 3, 1942, in the office of the Recorder of the County of San Mateo, State of California, in Volume 1013 of Official Records at page 236, under which said deed of trust said The San Francisco Corporation has been duly and regularly substituted as trustee.

Notice of defaults in and breaches of said obligations and of the election of said beneficiary to cause said real property to be sold was recorded in the office of the Recorder of the said County of San Mateo, on February 9, 1949, in Volume 1622 of Official Records at page 70, under Recorder's Series No. 75669H, to which said record reference is hereby made.

This notice is given in compliance with a demand heretofore made on the undersigned trustee by said beneficiary.

DATED: June 27, 1949.

NOTICE INVITING SEALED PROPOSALS

IMPROVEMENT PROJECT NO. 1949-2
GARDEN VALLEY HOMES AND ADJACENT TERRITORY

Pursuant to the Municipal Improvement Act of 1913, as amended, and the Resolution of Intention under Improvement Project 1949-2 adopted thereunder on June 13, 1949, by the City Council of the City of Daly City, California, and a resolution directing this Notice adopted June 27, 1949, said Council hereby invite sealed proposals for the improvement of streets in Garden Valley Homes and Adjacent Territory in said City.

All of said work is to be done at the places and in the particular locations, of the forms, sizes and dimensions and of the materials, and to the lines and grades and at the elevations as shown and delineated upon the plans, profiles and specifications made therefor and preliminarily approved by said City Council on June 13, 1949, and on file in the office of the City Clerk of said City pursuant to said Resolution of Intention, which resolution is on file in the office of said City Clerk, and to which reference is hereby expressly made for a more particular description of the work to be done and for further particulars.

Payments will be made in cash by said City to the contractor on itemized estimates duly certified and approved by the Engineer of Work and said City Council, based on labor and materials incorporated into said work during the preceding month by the contractor, but said City shall retain ten per cent (10%) of the amount of each such estimates, and the accumulation of said amounts so retained from said progressive payments will be paid to said contractor thirty-five (35) days after the completion and acceptance of said work by said Engineer of Work and said City Council.

Notice is hereby given that on June 27, 1949, this City Council adopted a resolution determining the general prevailing rate of per diem wage to be paid to the various craftsmen and laborers required to construct said improvements in and for said City, a copy of which wage scale is contained in and made a part of the specifications for said work, to which reference is hereby made for full details thereof.

All proposals shall be accompanied by a certified check payable to the order of the City Clerk of said City, amounting to ten per cent (10%) of the proposal, or by a bond in said amount and payable to said City, signed by the bidder and two sureties who shall justify before any officer competent to administer an oath in double said amount, and over and above all statutory exemptions. Said check shall be forfeited or said bond shall become payable to said City in case the bidder depositing the same does not within fifteen (15) days after written notice that the contract has been awarded to him, enter into a contract with the City, the faithful performance of which shall be secured by an undertaking in the amount of 50% of the amount so bid, with sureties satisfactory to said Board, and which shall be accompanied by a labor and material bond in a sum equal to 50% of the amount of said proposal, under the provisions of the Labor and Materialmen's Act of 1919.

Copies of plans and specifications and proposal sheets may be obtained from the office of the City Engineer, City Hall, Daly City, California, or from the office of the Engineer of Work, Bay and Chestnut Streets, Redwood City, California. A deposit of $10.00 per set of plans and specifications is required as a guarantee that they will be returned to him in good condition not later than forty-eight (48) hours after proposals have been publicly opened.

Said sealed proposals shall be delivered to the City Clerk of said City of Daly City on or before eight o'clock P. M. of the 25th day of July, 1949, said time being at least ten (10) days from the time of the first publication of this notice. Proposals will be publicly opened, examined and declared on said day and hour.

Dated: June 30, 1949.

Racing Thrills At Bayshore Stadium This Week End

Motorcycle and midget auto racing fans will have an opportunity to see these vehicles in action this week end at San Francisco's Bayshore Stadium.

Scheduled for Friday night at 8:15 p.m. are the "Destruction Derbies" featuring midget auto racing. The next evening, at the same time, motorcycle evenis will be held.

In the "Destruction Derbies," six cars of old vintage crash and smash into each other. The last car to remain in the event is the winner. Cars are piloted by top-flight midget auto racing stars such as Marvin Burke, Fred Friday, Johnnie Soares, and many others.

This latter event is in addition to the regular program which is featured by a 25-lap main event and a 15-lap semi-main event.

Saturday night 13 top cycle racing events will be run at the stadium. Positions in all of the races are continually changing and consequently offer the spectators excitement and thrills.

VETERANS OFFERED LEGAL COUNSEL FREE OF CHARGE

Expert legal counsel can be had free of cost by veterans at the veterans service office, in the Redwood City courthouse.

Information and assistance is available in such fields as state home financing, state or federal educational assistance, compensation and pension claims, and national life insurance.

Floyd D. Granger, veterans service officer, said individual cases differ so widely that no one set of rules can apply to more than a few veterans. Consequently competent legal advice is often needed.

New Arrivals

To the wife of Albert Admund Axt, 11 Miriam street, Daly City, June 26, a daughter.

To the wife of Harry W. Finnell, 630 Niantic avenue, Daly City, June 28, a daughter.

To the wife of George Garduno, 50 Station avenue, Daly City, June 27, a daughter.

To the wife of James Norman Kerrigan, 768 87th street, Colma, June 18, a son.

To the wife of Vincenzo Mangiola, 134 Acton street, Daly City, June 21, a daughter.

To the wife of Robert Frank Nowak, 730 Templeton avenue, Daly City, June 29, a son.

Pedestrians Faint—Shock Just Too Much For Ordinary Citizens

Headline news hit Daly City last week; in fact, so good it might even make TIME. Reason: the ceremonial washing of Johnny Dell's windows. Johnny actually cried as the window washer began to rub the windows with water and soap. It was too much PANE for Johnny to watch.

But since last week Johnny has lost all his neighbor friends. Because of the glare patrons of hearby stores are doing all their shopping on the other side of the street.

But thank goodness for one thing, no one has to ask directions to the Universal Press any more, they can see for themselves where it is!

P.S. The window washer was a Democrat!

TRACK AND FIELD EVENTS

(Continued from Page 1)

Jeff playground last Friday. This consisted of a peanut hunt, sack races, basketball races and scavenger hunts. Under the leadership of Maria Serini, the "Chickens" took first place.

Members of the prize-winning team were: Mario Serini, Robert Rocci, Frank Bertoli, Barbara Fair, Louis Calasimo, Marion Fair and Punki Sereni.

Folk dancing is the big thing at Jefferson high school playground. Held every Tuesday and Thursday afternoon, some 50 boys and girls have attended the dances.

Adults will have an opportunity to learn the polka, schottische and other folk dancing steps as of tomorrow. The class will be held at the high school in the little theater. Classes will begin at 8 p.m. Friday, July 8. Everyone is welcome.

Too Many Muni Buses At Certain Times Create Traffic Problem And Hazards Too

It's nice to be able to get a San Francisco bound bus whenever you want one — but too many buses on Mission street between Flournoy and the intersection of San Jose avenue and Mission street are a problem, to say nothing of being a traffic hazard.

During rush hours in the morning and afternoons as many as 10 buses are parked along Mission street at a time, making it practically impossible for some of our local merchants to carry on usual business activities at these times. Their driveways are thoroughly blocked off by parked buses and even their business fronts are "blacked out" by parked buses.

Then at departure time it's a wild scramble at the bank corner when sometimes two of the big gas eaters take the corner abreast.

Couldn't some one suggest a remedy? Can't something be done to eliminate or, at least, to alleviate the situation? What do you think?

Pickpocket Takes Watch From Chain

Neatest trick of the week seems to have been performed by a pickpocket.

John H. Partridge, 2524 Vista Grande avenue, reported to city police Monday that his gold pocket watch had been lifted. He said he lost the timepiece, carried in his watch pocket and held secure by a gold chain, while walking between Third and Sixth on Mission.

When Partridge went to look at the time all he found was the short end of his gold chain. Evidently a skillful pickpocket had removed the watch from Partridge's pocket and then cut it loose from the chain with a pair of wire cutters.

Michael Brooks

A native of San Francisco, Michael Brooks died at the home of his brother, W. H. Brooks, in El Paso, Texas, June 28.

Funeral services were held for Brooks Tuesday, July 5, at 2 p.m. at the W. C. Lasswell Co. The age and address of the deceased were not available.

Surviving Brooks are: three brothers, George, 136 Miriam street, Daly City; Raymond, San Francisco; and W. H. Brooks of El Paso. There are also two sons, Robert M. and Austin E., address not available. The two surviving sisters are Mrs. Luella D. Mudersbach, La Honda, and Mrs. Marie T. Elliott, address not available.

The Rev. H. H. Harkins officiated at the funeral. Interment followed at Olivet Memorial park.

DALY CITY BLUES PLAY LESLIE SALT THIS SUNDAY

Hoping to go on to another win this Sunday are the Daly City Blues baseball team. They will meet the Leslie Salt team Sunday at 2 p.m. at the Marchbank field. This is one of the league games in the San Francisco recreation department's summer program. The Blues are under the Class "A" national league.

Colma Juniors Win Two More

Whacking and fielding the horse hide with skill payed off for the Colma Boys club junior baseball team last week, when they downed two opposing teams.

Last Sunday Half Moon Bay suffered defeat at the hands of the Colma "terrors." They were beaten by the comfortable score of 13 to 1.

Coming through with fireworks at bat July 4, the Colma boys took the Smith All-Stars to the cleaners by a score of 7 to 4.

Youth Receives Suspended Sentence On Vagrancy Charge

A thirty-day suspended sentence was given to Frank J. Sullivan of 149 19th avenue, San Francisco, for a vagrancy charge. Judge William J. Sweeney put the 21-year-old youth on probation for one year.

Sullivan was picked up for investigation of attempted burglary last week when he was found trying to open a garage door in the Doelger Tract. He admitted he was on probation at San Rafael for contributing to the delinquency of a minor.

Church Survey To Be Made In Broadmoor

Determining the protestant population of the Broadmoor community will be the purpose of a house to house survey during the next two weeks.

The Rev. John A. Glasse, resident minister of the Community Presbyterian Church, 87th west of Junipero Serra, said the survey will furnish information for his church. This will be used to determine the necessity of enlarging church facilities.

Calls will be made by five college-age young people called "Caravaners." They give six weeks of their summer time without charge for various types of church work.

"I believe the people of the community will match the fine spirit of these young people, by cooperating in the survey," Rev. Glasse said.

Coming from such distant points as Sitka, Alaska, and Columbus, Ohio, the young pollsters are leaders in the campus life of the institutions they attend.

The "Caravaners" will participate in church services at 11:15 a.m. this Sunday.

Mrs. Katherine Ott

Requiem mass was held Wednesday, July 6, for Mrs. Katherine Ott, 64, 106 Peoria street, at Our Lady of Perpetual Help church.

A resident of Daly City for the past five months, Mrs. Ott died July 3. She was a native of Kansas.

Mrs. Ott is survived by her husband Geddes and a sister, Mrs. Charles Griff, both of 106 Peoria.

Rosary was recited Tuesday at 7:30 p.m. Final interment took place at Holy Cross cemetery.

F.B.I. Agent To Be Guest Speaker At Lions Club

An agent from the Federal Bureau of Investigation will be the guest speaker on Ladies Day of the Daly City - Colma Lions Club next Wednesday, July 13. The luncheon-meeting will be held at 12:10 p.m. in Estrada's Spanish Kitchen.

This week's speaker was Dr. A. W. Morton of San Francisco, whose subject was "Poverty." Dr. C. T. Moul of Oakland accompanied him.

J. Tom Rae Has Assumed Duties As Eagles Secretary

J. Tom Rae, proprietor of the Colonial Gift Shop for the past two years, has now assumed full time duties as secretary to the Colma - Vista Grande Aerie No. 1848, Fraternal Order of Eagles. Members of the organization may pay their dues at the gift shop, 6272 Mission street.

Rae replaces Sgt. William P. Bolger, who resigned in June. Bolger held the position for the past 12 years.

The new secretary of the group was formerly associated with the State Department of Agriculture.

WALL-TO-WALL CARPETS
THE RUG MAN
CHARLES E. BRIED CO.
178 School St. JU 4-8275
"Next to Oppermann the Plumber"

Bells have always played an important role in the course of human events. They have heralded emperors and kings, and have sounded the victories of great leaders. They have tolled a mourning note for the passing of lives, and have pealed joyously to announce weddings and births.

Our own great Liberty Bell is preserved as a memorial of the day when our country became an independent nation. On this celebrated occasion, notes of freedom, equality, and justice were sounded, notes which echo today in the free life of our citizens.

So that we may continue such blessed living and may preserve the country which guards its existence, we must listen to the ringing of other bells.

Throughout this great land of ours *church bells* are sounding. These are the GOLDEN BELLS of love, mercy, and kindness. Toward them we must hasten to worship and pray. With them we must sing praises to the Lord, our Maker.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Servicemen's Readjustment Allowances To Terminate July 25 States James Bryant

Termination of servicemen's readjustment allowances on July 25 applies regardless of the employment status of the veteran, Director James G. Bryant of the California Department of Employment, said today.

Bryant said:

"Unemployment benefits under the so-called G.I. bill of rights will be discontinued after July 25 for all veterans who were discharged from the service on or before July 26, 1947. Veterans who are unemployed at the time the program expires will not be entitled to further payments, and no new claims for benefits will be taken.

"Congress is still considering bills extending the program, but until such a bill is passed and signed by President Truman, the Department of Employment is going on the assumption that benefits will cease on July 25."

The deepest known place in the Antarctic regions, Indian Sector, is 19,266 feet, about 1500 miles south of the Cape of Good Hope.

Examination of the scales of salmon discloses the age of the fish when it left fresh water and entered the ocean.

Special Show On Wednesdays For The Kiddies

To help keep the children of Daly City occupied during the summer months, the management of the Daly City Theatre has inaugurated the policy of special kiddies shows every Wednesday afternoon.

These shows are booked with the utmost care, to insure entertainment suitable for all the youngsters. A good western picture with a large selection of cartoons and comedies will make up the program every Wednesday.

The doors will open at 12:30 noon, and the show will start at 12:45. All the kids are urged to attend, and bring the folks too, but please, don't ask us to keep the kids too quiet. This is their show and we want them to enjoy it.

As has always been the policy of the theatre, there will be an ample staff to look after the children.

Take A Tip From The Stars

We were lucky in getting NBC's zany Gracie Allen for our guest star this time. Anxious to dispel the rumor that she never does anything intelligent, Gracie jumped at the chance to display her culinary prowess.

Gracie Allen

"If you're fond of your fingers," says Gracie, "why not use kitchen tongs for lifting asparagus and ears of corn out of hot kettles?" Gracie also finds that using a frying pan as a broiling pan for hamburgers saves the mess of cleaning up the broiler. "You know," she explains, "'Out of the broiler, into the frying pan.'"

"You know that phrase about lacquering the lily?" asked Gracie. Just to see what would happen, we said we did, and she went on. "Well, I thought I'd use the same idea for a centerpiece to match my Lenox Rose china . . . so I laquered the blossoms and leaves of a dozen roses." Wrong phrase, Gracie, but the right idea!

"And for cocktail frankfurters," says Gracie, "try this system. Wrap the frankfurters in thin slices of bread, and fasten them with toothpicks. Then spread mustard on them, butter them, and broil them. George is crazy about them.

But Gracie's efforts to convince us that she's a serious cook are probably in vain. Below is an example of what the script-writers on the Thursday evening Burns and Allen show recently did to her:

George: Gracie, how did this pan get all burned up?

Gracie: I put some fudge on the stove, and left the kitchen for 20 minutes.

George: Why did you leave the kitchen?

Gracie: The recipe reads: "Put fudge on stove and beat it for 20 minutes."

U. C. Receives Two New Polio Grants

Two new March of Dimes grants have been made to the University of California Medical School for research projects in poliomyelitis, it has been announced by Basil O'Connor, president of the National Foundation for Infantile Paralysis, and President Robert G. Sproul.

One grant, of 21,000, will enable one group of researchers to continue a study of human locomotion and neuromuscular physiology with a view to developing better braces and improved treatment procedures for paralytic poliomyelitis. This group is headed by Dr. LeRoy C. Abbott, professor of orthopedic surgery.

The second grant, of $4,300, will be used to study the role of blood permeability in the development of paralytic symptoms of infantile paralysis. This work is under the direction of Dr. Robert B. Aird, associate professor of neurology.

COURTESY PAYS

Automobile drivers should remember that courtesy begets courtesy, and on the highway mutual driving courtesies beget safety, says the California State Automobile Association.

UMP TALKS BACK—Manager Frankie Frisch of the Chicago Cubs has plenty to say to umpire Larry Goetz concerning a called strike during a game with the Dodgers at Wrigley Field. But Umpire Goetz, in the best blue-suit tradition, had the last word. Manager Frisch was expelled from the game.

HOME FROM HONEYMOON

Returning Tuesday from a two-week honeymoon in Washington were Mr. and Mrs. Ronald Anderson, Box 266, 10 Mission road, Colma.

Mrs. Anderson is the former Miss Shirley Lagomarsino, daughter of Mrs. Amelia Lagomarsino, Box 266, 10 Mission road, Colma.

The wedding took place June 18 at a nuptial mass at Holy Angels Church, Colma. Father Quirk, San Jose, officiated. The bride was given away by her brother, Alfred Lagomarsino.

Miss Lagomarsino's gown was of pastel pink satin with full skirt over a hooped petticoat and long train. Her fingertip veil was also pastel pink, held in place by a gathered net halo and orange blossoms. The bride carried a satin prayer book with white orchids and markers of pink satin and pink bouvardia. She wore pink earrings given to her by the groom.

Nathelle Curry was the bride's attendant. She wore a gown fashioned after the bride's of turquois satin. She carried an old-fashioned bouquet of pink carnations and wore a halo of pink carnations in her hair.

Performing the duties of best man for the bridegroom was Charles Anderson, brother of the groom.

For her daughter's wedding, Mrs. Lagomarsino wore a navy blue suit, and the groom's mother, Mrs. Anderson, wore grey. Both mothers wore orchid corsages.

Following the ceremony a reception was held at the St. Moritz restaurant in San Francisco for the relatives of the bride and groom. The table decorations were carried out in pink and the bride's table was centered with a beautiful pink wedding cake.

The bridegroom is employed at the Atlas Furnace Co.

Calif. Elk Hunt

Regulations for California's first elk hunting season since 1943 have just been announced by the Division of Fish and Game.

After declaring the elk herd too large for the amount of forage in the area, the Fish and Game Commission set a 10-day controlled open season from December 2 to 11, inclusive, in Inyo county only. No more than 75 males and 50 females may be taken.

To apply for one of the 125 special permits, resident citizen California hunters may contact the Los Angeles office of the Division of Fish and Game, State building, before October 26. Applications must be submitted on an official printed form, and will not be accepted from hunters under the age of 16 years.

A public drawing will be held November 2, at the Los Angeles office to select the 125 lucky candidates. Sixty alternate names will also be drawn.

Successful applicants will be informed of special elk hunting regulations upon payment of the $10 permit fee.

Licensed citizen bow and arrow hunters may participate, but employees of the Division of Fish and Game and persons who have been issued an elk hunting permit since 1939 are eligible.

Home Baked Bread And Other Dainties Features At Fair

The seeming lost domestic art of bread baking will be revived at the California State Fair in Sacramento September 1 through 11.

A welcome sign is up for the return of a once famous art to the State Fair. Whether it is white, whole wheat, raisin, or nut bread, it makes no difference, for every type may be entered in class competition at the Home Economics exhibit in the Woman's building. Moreover, coffee cake, parker house rolls, cinnamon rolls, corn bread, and baking powder biscuits may be entered for cash premiums. To many of the younger generation of California, a loaf of home baked bread may be as rare a sight as a cow is to youngsters of New York City, so come Fair time, they will have the opportunity to gaze upon this once familiar staple of the American home.

Other new classes in competition are: pickles and relish, pies, cakes, cookies, and candy.

Handcrafts and needlework — bedroom linen, quilts, child and infant apparel, dining room linen, living room fancy work, and wearing apparel for the housewife—will also be displayed in the Home Economics Show.

Exhibitors will be competing for a total of $2500 in cash awards in all classes of the Food Preparation and Hand Crafts Show, which returns to the Woman's building where one of the greatest displays of domestic skills of any State fair will be witnessed by the thousands of visitors at the Annual Parade of Progress of 1949.

Commanding a large share of the spotlight among new passenger car models announced by Studebaker for 1949 is this Champion convertible. Engine performance has been stepped up in all Champion models and tire size has been increased to 6.40 x 15. Convertibles have genuine leather cushions and seat backs, with leatherette side-trim. Exteriors come in new metallic shades.

MOTOR VEHICLE PRODUCTION

United States factories turned out a total of 2,400,644 motor vehicles during the first five months of 1949, reports the National Automobile Club. Of this total, which has been topped only by the totals for similar periods in 1929 and 1941, 1, 884,063 were passenger cars, 513,882 were motor trucks, and 2,699 were motor coaches.

The only woman held in really low esteem by the Berbers is the go-between, although she is only employed in the respectable task of arranging marriages.

Less than 10 per cent of the population of Arizona was engaged in manufacturing in 1948, according to the Britannica Book of the Year.

Sapphire balls up to a quarter-inch in diameter are being substituted for steel balls in bearings subject to high temperatures or chemical corrosion.

Aaron Burr was the first to organize and manipulate the Tammany society for political purposes, according to the Encyclopaedia Britannica.

Blocks of salt are the favorite form of currency among the Bertat tribe of western Asia, according to the Encyclopaedia Britannica.

HUCK FINN—A pair of ragged overalls, frayed straw hat, corncob pipe, fishing pole and a can of worms were all 8-year-old Lee Van Hook needed to win first prize in the Huckleberry Finn contest at Annual Kids Day in Rogers, Ark. A bountiful crop of freckles gave him an edge over his nearest rival.

It is generally believed eels spawn only once and die soon afterward.

ew Mineral Exhibit t S.F. Ferry Building

A new exhibit of ornamental nerals has been placed on dis- ay by the State Division of Mines nthe Ferry Building, it was an- unced this week by Olaf P. Jen- ns, chief of the division.

The display consists of 27 pol- ned slices of colored and figured, ansparent and translucent min- als mounted in the front face of cabinet which is illuminated om behind. This type of display, nkins said, enables observers to e the coloring and configuration the mineral slices to better ad- ntage.

The exhibit was presented to the ivision by William B. Pitts, hon- ary curator of gem minerals of the California Academy of Sci- ences.

Santa Clarans $22,910 Richer

By action of the San Francisco Board of Supervisors this week, four Santa Clara county families were paid $22,910 and the City se- cured additional rights of way for its new Hetch Hetchy pipeline now under construction.

The property purchased by San Francisco included that of Victor Lubkitz and wife for $5,250, Bea- trice C. Wrigley for $7,960, Clinton H. Bell and wife for $500, and Irma W. Hoff for $9,200.

San Francisco had a population of 34,776 in January, 1850.

SEEING SNAKES?—Don't worry about it, they're really there. This barrelful of rattlesnakes is awaiting execution at the Pole Creek ranch near Cheyenne, Wyo. When the ranch became dangerously infested with the reptiles, a simple trap consisting of a length of stovepipe and a steel drum was devised to cut down their numbers. One end of the pipe is shoved into a suspected den, the other end leading into the drum. Heat of the pipe attracts the snakes, which crawl through and tumble into the barrel, where they are killed by carbon monoxide gas pumped from an auto exhaust.

SPECIAL DELIVERY—Sally Gastle, 18, of Buffalo, N. Y., coaxes this day-old orphaned fawn into accepting a swig of goat milk. The baby buck's mother was impaled and killed when trying to jump an iron picket fence in a cemetery. Two police officers, noticing movement in the carcass, used amateur surgery to deliver the fawn.

GASOLINE WASTAGE

Fast starting and fast stopping of your automobile causes much wastage of gasoline, says the California State Automobile Association. Fast starting pumps extra fuel, which is not used, to the engine. Fast stopping wastes momentum that would normally move the car a considerable distance with minimum gasoline consumption.

Kangaroos can attain a speed of forty miles per hour.

Yellow ochre is the important natural mineral yellow.

San Francisco's first public exhibition of electric light occurred July 4, 1876.

GIVE WARNING

Before moving out of your traffic lane to pass another car, be sure to give an arm signal so that a following driver, who also may be about to pass, will be warned of your intention. The California State Automobile Association reports that many highway accidents are caused by drivers who move into another lane suddenly without signaling.

The world population has doubled within the last century.

Most of present day Colusa county originally was in Yolo county.

The State Department of Agriculture has 1069 permanent employees.

GREASE JOB—Eighteen-year-old Stanley Wells gets a coating of grease in preparation for his attempted 45-mile swim from Southend, England, along the Thames River, to Westminster Bridge. Wells swallowed oily water after completing 10 miles of the distance, and was unable to continue.

The first recorded typewriter was patented in England in 1714, according to the Encyclopaedia Britannica.

A Light Touch

By BETTY BARCLAY

Those first warm days of summer call for outdoor living — in gardens, near the water or just sitting on a shady lawn. It's no time to stay indoors and cook, any longer than is absolutely necessary.

Be smart; plan well ahead, and scheduled meals become a light burden. In fact, it's *fun* to see how much nourishment you can get into a meal consisting of one hot dish, a green salad and dessert.

For the one hot dish, select something a little bit special, such as a soufflé. The recipe below is easy to make, and the bran flakes give it extra body. For added flavor, serve it with your favorite sauce, or decorate the platter with colorful mounds of currant jelly.

The Grape-Nuts Waffles are a sure-fire hit with all the family. And for something quick and utterly different, try the new pre-cooked rice with chopped olives; then serve with creamed left-over meats if you want a bigger meal.

Summer Soufflé

2 tablespoons butter or margarine
3 tablespoons flour
1 cup milk
3 egg yolks, slightly beaten
¼ teaspoon salt
Dash of pepper
3 egg whites, stiffly beaten
1 cup 40% bran flakes

Melt butter in saucepan. Add flour and stir to a smooth paste. Add milk gradually, stirring constantly, and continue cooking and stirring until thickened. Cool slightly; add egg yolks, salt, and pepper and blend. Fold in egg whites and flakes. Turn into greased shallow baking dish. Place in pan of hot water and bake in moderate oven (350° F.) 40 minutes, or until firm. Serve immediately with cheese, tomato, celery, mushroom or onion sauce. Makes 4 to 6 servings.

Grape-Nuts Dixie Waffles

2 cups sifted flour
2½ teaspoons double-acting baking powder
¾ teaspoon salt
1 tablespoon sugar
2 eggs, well beaten
1½ cups milk
5 tablespoons melted shortening
½ cup Grape-Nuts
½ teaspoon grated orange rind, if desired

Sift flour once, measure, add baking powder, salt, and sugar and sift again. Combine eggs and milk. Add to flour mixture, add shortening, then mix *only* until smooth. Add Grape-Nuts and orange rind; mix. Bake in hot waffle iron. Serve with butter and maple-blended syrup. Makes about five 7-inch waffles.

Olive Rice

1½ cups (5½-ounce package) pre-cooked rice
¾ teaspoon salt
1¾ cups water
¼ cup chopped stuffed olives
2 tablespoons butter

Combine pre-cooked rice, salt and water in saucepan. Bring to a full rolling boil. Remove from heat, cover and let stand 10 minutes. Add olives and butter. Reheat, if necessary. Serve with cheese sauce, chicken a la king, creamed chipped beef, or creamed or curried eggs. Makes 4 servings.

SAFETY ON THE HIGHWAY

Safety on the highway depends a lot on common courtesy and common sense.

VISITORS PERMITTED AT LIGHTHOUSE

Visitors are permitted at the Point Reyes Lighthouse in Marin county on Saturday afternoon and all day Sunday.

Hall Of Sciences Rising In S.F.'s Golden Gate Park

San Francisco's long-awaited planetarium was a step nearer today as the steel framework for the Hall of Sciences, million-dollar addition to the California Academy of Sciences, began rising in Golden Gate Park.

The completed Hall of Sciences will include, in addition to the May T. Morrison Planetarium seating 500, the Lovell White Memorial Hall, the Alexander F. Morrison Auditorium to seat 400, Simson African Hall addition to accommodate eight dioramas, and expanded laboratory and research facilities.

Although the new Hall of Sciences will be finished and ready for occupancy early next year, the projector and other planetarium equpment may not be ready for public demonstrations for an additional month or two, Dr. Robert C. Miller, Academy director, said. Work on the projector, an entirely new type instrument, is going forward under direction of Dr. G. Dallas Hanna, curator of palentology.

The Morrison Auditorium is planned for expanded programs of lectures on interesting phases of science presented to the public and the Academy of Sciences meetings, according to Dr. Miller.

Clear Lake is the largest body of water lying wholly within California.

HAS RARE DISEASE—Parents of 3-year-old Ronald Adams, of Galesburg, Ill., live in constant dread that the youngster will be cut or bruised while playing. Ronnie is the victim of hemophilia, a rare disease characterized by excessive bleeding from minor injuries. During the last 18 months he has had 12 transfusions to replace blood lost through skinned knees and elbows. No cure is yet known for the ailment.

SOON TO BE LAUNCHED—The largest vessel ever built on the Great Lakes, the Wilfred Sykes, nears completion at the American Ship Building Co.'s yards at Lorain, O. The freighter will be launched sideways into the drydock at the left. The new ship, fastest afloat on the Great Lakes in the carrier class, is 678 feet long and will carry 20,000 tons of ore at intermediate draft.

'Sea Monster' Eggs Netted In Hunt For Sardines

If you're good at spotting sea monsters, keep your eyes open next time you go to the beach. Evidences of the rare "ribbonfish," often mistaken for a sea serpent, have been located off the southern California coast.

In fact a number of fish previously thought rare or nonexistent have been netted in local waters during "Project Sardine," conducted by scientists from the University of California's Scripps Institution of Oceanography, the California State Fisheries Laboratory, and the U.S. Fish and Wildlife Service.

Under a $700,000 grant from the legislature and a 50 cents per ton tax on the fishing industry, the scientists are trying to solve the mysterious disappearance of large numbers of sardines off the California coast during the past few years.

Dr. Carl Hubbs, professor of biology, and Laurence McHugh, assistant marine biologist at the Scripps Institution, said that the unexpected "finds" turned up in the close-meshed nets used to capture eggs and larvae of sardines.

"So far, only the eggs and larvae of the ribbonfish have been collected," Dr. Hubbs pointed out. "Although only one-sixth of an inch in diameter, the eggs are quite large for fish eggs. The adult ribbonfish itself may grow to several feet in length."

MOSCOW VERSION

Many of the reports from Moscow are quite fascinating, not for what they reveal but for what they try to cover up. Lend an ear to one of the latest, "The Soviet Union fought and defeated the German aggressor with Soviet arms and Soviet equipment," says a radiocast from the Russian capital. Now, if Joe Stalin and his boys turned the trick solely with their own arms and equipment, where in the world did they dump the 14,795 planes we sent them? The same question applies to the 7,056 tanks, 8,218 antiaircraft guns, 427,386 jeeps and trucks, plus enormous quantities of food, clothing, fuel, locomotives and ships which they got under lend-lease.

Maybe the next thing we'll hear is that all these were what the Russians sent to us under their own lendsky-leasovich. You can't beat those Russians — for imagination.

D.A.V. RETURNS LOST KEYS

The Disabled American Veterans has returned a set of lost keys to Mr. Frank E. Seiber, 226 Hillside boulevard, Daly City.

Attached to the keys was a DAV Idento-Tag, miniature license tag for key-rings, which is distributed to 30,000,000 motorists each year and the replica of their state license plates enables the DAV to return 5,000 keys a month from its national headquarters in Cincinnati.

In addition to key-loss insurance, the Idento-Tag through contributions enables the DAV to maintain its free rehabilitation service for disabled veterans and their dependents.

Last year the DAV obtained more than $18,000,000 in benefits for disabled veterans and their families. The organization has the largest staff of national service officers of any veterans organization.

Keys are returned to owners from all over the world. One of the most unusual key losses and returns saw a Cincinnati grainery employee lose his set in a sack of oats. The keys were found when the sack was opened aboard a freighter in the English Channel en route to Poland and they made their way back via the DAV.

Tags even brought back keys from the war zones.

For the motorists who wish extra Idento-Tags for extra sets of keys, the DAV has established a special order department, which handles more than 100,000 requests each year.

The DAV Idento-Tag plant is owned and operated by the DAV in the interests of disabled veterans and employs disabled veterans in their manufacture.

WALKING NEAR TRAFFIC

In walking near traffic, a little carelessness can kill you, warns the public safety department of the National Automobile Club. Alert pedestrians never step off a curb without taking a good look up and down the street, never walk against the lights at intersections, and never walk with their backs to oncoming traffic when walking along the open highway. Alert pedestrians stay alive.

Fragments of an oak-staved churn 1,000 years old were found last year in Northern Ireland, according to the Britannica Book of the Year.

Child Care Tip

Here's a solution to the old problem of keeping a youngster covered at night: Sew two of his largest crib blankets together on both sides and at one end, forming a sleeping bag. Tuck baby in the bag first, then put on the other covers. If he kicks off the covers, he still has the protection of his sleeping bag.

Safety Rule for Swimming

A good safety rule is always to swim with a partner. Among the fast-moving, noisy mass of people at a large pool or beach, a lifeguard may not be able to hear a cry for help or to spot a sinking bather. A swimmer and his buddy can look out for each other in such cases.

ROAD TO STATEISM

Many voices are being raised against the vast pattern of paternalism that evolves more and more each day on the Washington scene. But no voice in years has spoken with more telling effect than that of James F. Byrnes, who recently decried the march toward stateism in his speech at Washington and Lee University.

Now, in most instances, critics of the "Fair Deal" brand of socialism are accused by its advocates of being "reactionaries." But they'd have a hard time making that name stick in the case of Mr. Byrnes.

Byrnes, you will recall, was a New Dealer, a close associate of Franklin Roosevelt, and is said to have inspired much of the New Deal legislation. In other words, he was one of the principal architects in the type of government we have had since 1933.

Yet, not even he can stomach the extent to which the Truman Administration is endeavoring to push the nation toward socialism. He points out that if some of the new programs proposed by the President were to be adopted every citizen "will soon be an economic slave pulling an oar in the galley of the state."

These words, remember, are not those of some business leader who "stubbornly" insists that the government should not control every phase of our lives. They come instead from a man who is very much what even the free-spenders would call a "liberal."

Well, it's encouraging to see that somebody besides us "reactionaries" is opposed to the growing paternalistic state.

TWO CLUES OFFERED

The ammeter and the motor heat indicator combine to tell the car owner when the fan belt is broken on a car on which the generator is driven by the belt, points out the National Automobile Club. The former shows discharge while the latter registers a higher temperature. Checking one against the other provides a quick clue to the trouble.

An old custom in England was the ringing of the "gleaning bell," which fixed the hours for beginning and leaving off gleaning.

County Tax Roll Hits All-time High

Reassessments and new buildings have brought San Mateo county's tax assessment roll to an all-time net high of $226,942,987, County Assessor O. B. Hempstead reported today.

This represents an increase of 12.46 per cent or $25,154,079 over last year, Hempstead said.

The number of veterans' exemptions also jumped. They went from 13,026 in 1948-49 to 15,902 in 1949-50. They total $14,740,996 this year as compared with $11,918,790 for last year.

The Chinese fly kites which have strings stretched across openings in the paper, producing the effect of an aerial chorus.

PLUMBING PROSPECTOR—Plumbing Contractor Wesley R. Collins displays a small quantity of gallium, a mercury-like metal worth $3000 an ounce, which he found while digging a swimming pool near Costa Mesa, Calif. It is so scarce that only four pounds of it were mined last year. Collins says he now has about $5000 worth of the metal. He has also found gold and uranium in the excavation.

Americans Walking On Kangaroo Shoes

With 6,000 pairs of kangaroo shoes produced in the United States daily, the wearing qualities of kangaroo skin are rapidly being proven in this country.

According to the Massachusetts Institute of Technology, kangaroo is the strongest of leathers, weight for weight. These are 19 types of kangaroos in Australia, but the best skins are those of the large reds and grays, the Institute declared. American purchases of the skins amounted to $3,665,187 out of a total export of $3,962,860 during 1946 and 1947.

As much as 300,000 miles of gold thread is produced annually in Delhi alone.

Veterans Weekly News Column

Veterans who took out National Service Life Insurance when they entered military service and have continued their original policy in force without any change are reminded by Floyd D. Granger, veterans service officer, that they will soon have to make a decision on the subject.

The original NSLI term policies were issued for a period of five years, later automatically extended to eight years. Thus, a policy issued in 1941 will expire on the corresponding date this year, Granger explained.

These term policies can be renewed for an additional period of five years, he continued, but only if the veteran himself takes the necessary action. Otherwise, the policy expires. New insurance can be taken out, but a physical examination will be necessary.

If renewal of the original policy is desired, the veteran must make application for it before the eight-year expiration date, according to Granger. No physical examination will then be required. The premium rate will be higher, since it will be based on the veteran's present age. Also, there is no grace period for the first premium on the new policy. It must be submitted, along with the renewal application, before the old policy expires.

Term policies can be converted, at any time while they are in force, to one of the six permanent plans of NSLI.

Veterans interested in this or any other aspect of National Service Life Insurance can get further information at the Veterans Service Office, located in the Courthouse, Redwood City.

THE GREAT Dante, aristocrat of magic comes to the west coast for the first time since his return from England and Europe when he brings his "Sim Sala Bim" revue and wonder spectacle to the San Mateo County Fair at San Mateo, August 10-20. World known, Dante comes with his international company of mysterfiers, featuring Mol-Yo Miller, famed beauty of the magical world.

DOUBLE EXPOSURE — Unsuspecting males blinked when they saw the blonde Strickland twins soaking in the Florida sunshine at Cypress Gardens. Jean, left, and Jane make a perfect pair in their snug, black "French Curve" swimsuits.

It's Smart to Take Your Tan On the Installment Plan

The sun needn't be a burning problem if the simple A B C's of beach beauty are observed.

A is for all-over skin lubrication. Tender shoulders, tops of feet, the tummy strip exposed by bare midriff suits—all these benefit from a coat of baby oil. Tuck a bottle into your beach bag and use it generously during each fun-in-the-sun session. The oil lubricates your skin and offsets the parching effects of the sun which is likely to dry out your skin and make it tough and leathery-looking.

B is for breaking up those long sunning periods. Taking your tan on the installment plan is the safest way to acquire a smooth, even, attractive color coating. Even after you've achieved a good shade, it's smart not to stay in the sun for long stretches.

C is for the cooler hours of the day when it's wise to start your tanning program. Before 11 and after 2 are the best times to get it under way. Start your color campaign with short exposures to the sun, so that you gradually build up a good base of sun tone.

D is for the do'a and don'ts that help you take your place in the sun. *Do* protect your hair! Rinse the salt or chlorine pool water out well after each swim. Cover your hair for part of each sunning period, or you may find the sun tends to bleach it. Plan to include in your shampoo routine an occasional hot-oil treatment. It takes so little time to take out this kind of beauty insurance. Just warm a bit of baby oil gently. Then use a sterile cotton ball dipped in the oil to apply it to your scalp. A towel wrung out of steamy water will help ease the oil into your parched hair, before you shampoo it.

Don't wear cheap sunglasses! Sun, wind and glare can be sight enemies, so make room in your beach bag for a pair of good quality sunglasses. They're an important beach accessory.

NEW KIND OF INFLATION—The war surplus barrage balloon above is filled, not with gas, but with 2400 bushels of wheat. Jack Berger of Cleveland, O., who has on hand 3000 of the gas-bags he bought from the government, got the bright idea of using them as storage bins for part of the nation's bumper wheat crop when he read about farmers piling the grain on the ground for lack of storage space.

HARD STARTING

Hard starting of an automobile engine is not always the fault of the battery, advises the California State Automobile Association. In many instances an electrical defect is the cause. An engine tune-up at regular intervals will usually prevent this trouble.

Subways are partially ventilated by the piston action of trains driving the air through the tubes.

PERMIT PASSING

Never increase your speed when another vehicle tries to pass you on the highway, warns the California State Automobile Association. To do so not only violates the rules of highway sportsmanship, but it also violates the California Vehicle Code.

STOP—LOOK—THINK

Stop, look and think before you step into a lane of moving traffic, and before you step out let your actions warn approaching drivers of your intentions, urges the California State Automobile Association. Sudden action on the part of the pedestrian often results in sudden death.

Short and Sweet

By Betty Barclay

IF the long-time cooking, and endless heating that many candy recipes require make you cross candy right off your list of activities for the summer, just put it right back on again and go to work on these Marshmallow Cooky Bars. They are grand — not only to eat, but to make.

Read the recipe and you will see for yourself that with a special candy-making chocolate, they can be tossed off in no time — and with so little effort it isn't worth mentioning.

These luscious little bars are a wholesome candy, and they are also especially good as an accompaniment to an afternoon cup of tea or coffee, or with a refreshing summer beverage. They also make an attractive cooky to serve with ice cream or pudding.

Marshmallow Cooky Bars

1 cup broken vanilla wafers; 8 squares (1 package) candy-making chocolate; 8 marshmallows, cut in pieces.

Line bottom of 9 x 4 x 3-inch loaf pan with waxed paper, letting paper extend in 2-inch tabs at each end. Arrange broken wafers evenly in pan.

Heat chocolate over boiling water until partly melted. Add marshmallows and stir until partly melted and evenly distributed throughout chocolate. Pour chocolate evenly over wafers in pan, using fork to distribute chocolate throughout. Let stand in cool place to harden. Run a sharp knife around sides of pan and lift out candy with paper tabs. Cut in 2 x 1-inch bars. Makes 18 bars.
